mahdi shams

DoB: 1986-09-16

Marital Status: Married

Military Service: Served

creative, curious and interested in new topic for learning .

I am familiar with and have worked with Python in various fields, like data science and web development.

In the field of data analysis, I am familiar with and have worked with the following libraries: seaborn, scikit-learn, Pandas, numpy.

Also in the field of web I have worked with Django framework that you can see my sample in bottom of pages.
